Wholesale Grocers

AND TEA DEALERS.

JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy colored Tea Caddies, holding from 2 to 20 lbs., labelled, fac simile of the usual packages of green and black Teas, having every appearance of original packages, and being made neat and tight, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them re-packed in New York; and extra fine Teas put up in 6, 8, 10 and 15 lb packages, will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. A List of Prices will be sent to any address, by mail, that may desire it.

INSURANCE OFFICES

WISCONSIN

Home Insurance Office,

No. 6 Kneeland's Block.

MILWAUKEE, WISCONSIN, MARCH 30, 1855.

INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandize and other property, against

LOSS OR DAMAGE BY FIRE.

This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but for the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company.

This Company commenced business with a capital of $50,000, and have already issued upwards of 360 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.

The recent failures of several of the old *Stock Companies*, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of Insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.

And it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the Company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Villages, within a circle of 4 hundred rods diameter which of course will prevent very great loss at one fire.

Applications for Insurance, respectfully solicited.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves; their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by [illegible] alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.

Office in Martin's Block, Milwaukee.

Capital over $186,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of [illegible]. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments of a cent to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

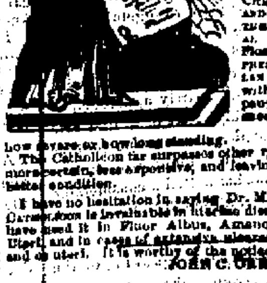
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females,



IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints.

Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites; CHRONIC INFLAMMATION AND ULCERATION OF THE WOMB; INCIDENTAL HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C. ORRICK, M. D.,

Baltimore, Md.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.

Truly Yours,

WM. LAIRD HAZLETT, M. D.,

July 5th, 1854. New Philadelphia, Ohio.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.

D. Y. FOOTE, M. D.,

Syracuse, N. Y.

Those desiring such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (gratis) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly respectable Physicians, who have used it in their practice, and speak from their own observations.

JAMES KYLE, 114 Warren St., New York, furnishes to the trade all sizes of plain and fancy colored Tea Caddies, holding from 2 to 20 lbs., labelled fac simile of the most various of green and black Teas, having every appearance of original packages, and being made neat and light, and so that the smaller ones will nest in the larger ones, can be transported to any part of the country at a small expense. Merchants from the South and West would find the plan of putting up Teas at home much cheaper, and more satisfactory, than to have them re-packed in New York; and extra fine Teas put up in 6, 8, 10 and 15 lb packages, will sell more readily, and at a better price, than by the chest. Fancy painted, lacquered and gilded Caddies, and Chinese Images, beautiful for window show, are also furnished. Dealers will please call and examine as soon as they arrive in the city, that time may be had to get them up to order, in time to ship with other goods. In cases where 160 acres have been received under former acts of Congress, no more can be drawn; but those who have been allowed a Warrant for 40 or 80 acres are now entitled to a Warrant for enough more to make up 160 acres.
The undersigned, being connected with a trusty and experienced agent at Washington, now offers his services to all those who wish to obtain the additional Bounty Land granted them under the new act.

INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.
INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandize, and other property, against
LOSS OR DAMAGE BY FIRE.
This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very liberal and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company.
This Company commenced business with a capital of $50,000, and have already issued upwards of 260 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.
The recent failures of several of the old *Stock Companies*, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of Insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.
And it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Villages, within a circle of 4 to rods diameter which of course will prevent very great loss of one fire.
Applications for Insurance, respectfully solicited.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We hold it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal footing.
Experience has shown that two thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by [illegible].
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of reference given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $100,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire.
The advantages offered are security beyond the reach of any contingence, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of avoidance. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, expecting nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2400 Policies, and made but three assessments of a cent to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

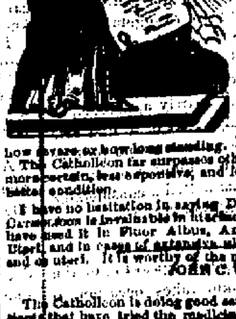
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 4th, 1854. New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruations and diseases of irritation of the female organs.
D. T. FOOTE, M. D.,
Syracuse, N. Y.
Those desiring such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the happy results of its use, together with letters from highly talented Physicians, who have used it in their practice, and speak from their own observations.

VOLUME XI. MILWAUKEE DAILY SENTINEL. NEW SERIES.

THE DAILY SENTINEL.

Rufus King. Wm. H. Watson & John S. Fillmore, PROPRIETORS, UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

DAILY,	$7,00 per annum
TRI-WEEKLY,	3,50 "
WEEKLY,	1,00 "

Thursday Morning, April 12.

☞ L. W. [illegible] is our only authorized traveling Agent to receive subscriptions, collect moneys, &c. and receipt for the same. RUFUS KING & CO.

☞ The *America*, with one week's later dates from Europe, and now fully due at Halifax, had not been heard from up to the hour of our going to press last evening.

☞ Gov. Barstow, Attorney General Smith, Comptroller Dennis and the "Balance," arrived in town yesterday, and are lodged at the Walker House.

☞ A salute of artillery was fired last evening, between 9 and 10 o'clock, in honor, as is supposed, of Judge Cole's election to the Supreme Court, and Gov. Barstow's successful efforts in his behalf.

The Judicial Election.

Our Democratic contemporaries are busily engaged in the to them unusual occupation of accounting for a defeat. Having recovered from the first shock of Mr. Cole's election, they are all trying their hands at explaining so unexpected and unwelcome a result. "*It is instructive to remark*," however, that they differ widely in these explanations. The *Wisconsin*, for instance, which was at first entirely confident of Judge Crawford's re-election, has discovered that he is a victim to his opinion in favor of the Fugitive Slave act and to the efforts of the friends of a Prohibitory Liquor Law. But it is gratifying to see the remarks the *Wisconsin*, "that Orsamus Cole has the integrity and ability, after some experience to fill Judge Crawford's place." This is quite an improvement on the *Wisconsin's* style of discourse previous to the election.

The Madison *Democrat* while conceding that Mr. Cole will make "a fair and creditable Judge" has a different theory from the *Wisconsin* to account for Mr. Crawford's defeat. Thus it says:

In many towns Cole receives the unanimous vote—none being cast for Crawford—not an evidence of the latter's unpopularity, but because there were no tickets with his name on, and between two so respectable candidates, the people hardly had a choice.

We rather think that the people had a decided choice in the premises, and expressed it pretty emphatically by their votes.

The Watertown City *Times* differs from both its Madison contemporaries, as to the cause of the overthrow, and ventures the following explanation:

Returns indicate the election of Mr. Cole, as Associate Judge. We had hoped for a different result, and shall regret to see Mr. Crawford retire from the useful and honorable position he has maintained as a member of the Supreme Court; and if such is his fate, he has been carried down by the *popular sentiment so averse to everything about which the present State administration gathers.*

This "swift witness" against "Barstow and the Balance" is corroborated by the Waukesha *Democrat*, which declares that "whoever a Barstowmonian was known to support Mr. Crawford, the People en masse voted against him!" There is a great deal of truth in this remark. Mr. Crawford's supposed connection with the State Administration—or rather, the fact that he was supported by the Barstow organs and leaders, cost him thousands of votes throughout the State. The result, indeed, of the Judicial election is quite as emphatic a verdict against the State Administration, as it is a popular expression in favor of the Judgement pronounced by our Supreme Court upon the Fugitive Slave act. In this result "Barstow and the Balance" cannot fail to see "the handwriting on the wall." We are not therefore, at all surprised to learn that since the election Gov. B. has serious doubts about allowing his friends to use his name as a candidate for re-election.

Lowell's Lecture.

The last lecture of the course provided by the Young Men's Association was delivered before a crowded audience at Young's Hall, on Tuesday evening.

Mr. Lowell's personal appearance is not of the delicate, ethereal cast, nor his eye in that "fine frenzy rolling" which is considered appropriate to the poet; but rather of the quiet sort, pleasant to the eye, and full of the look of good feeling, which might be expected in one who shines more, and prefers to shine more, in the vein of good natured satire, than in the loftier regions of poetry. His wit is trenchant—his lecture composed of short sentences, full of ideas, and quite original. He recites with great expression, and carries the hearer at his will. In his contrasts of the old Ballads, which were his theme, with the bald and tame imitations of modern days, all the more bald and tame that they make pretensions which the older ones did not make, his illustrations were made very emphatic by the manner of recital. Perhaps some one who admires the late rather than the older ballads, might, by adopting the same expedient, make the latter appear, in many cases as ridiculous as Lowell did the former.

His contrast of the old song of Helen of Kirkconnel with Wordsworth's tame statement of the same "case" was excellent. Wordsworth's vein was not ballad writing. In the words of the ancient rhyme—will somebody tell us the name of the distinguished author?—

"Every man can't be a poet,
No more than a sheep can be a goat."

And so every poet cannot write ballads, of the good old sort.

Lowell seems to have a "particular vanity" in regard to hits at the newspapers; which is entirely proper, considering the unmerciful manner in which the newspapers sometimes hit the poets. His comments upon the "high-falutin" style of news paragraphs have much justice in them; and yet, if he would but consider the argument which he himself advances in favor of the simple style of the old ballads, as being *adapted to the popular mind and heart*, he would find the reason for the more ambitious style of newspaper paragraphs now-a-day. The popular mind demands—craves—excitement and a paragraph which is headed "Fire," or "Accident," or some other such plain word, will be disregarded entirely, and the paper considered quite behind the age, while its contemporary, which lets off a volley of staring capitals, announcing a "Tremendous Conflagration," or a "Shocking Occurrence" will be regarded as a model of enterprise, and quite up to the times. This proneness to exaggeration exists, guard with it as we may, and we must, all of us, yield to its demands in some degree.

The lecture was listened to throughout with unflagging attention, and heartily applauded at the close. It was a worthy *finale* of a first rate course, which has provided pleasant and profitable entertainment for a great number of our citizens, and, we presume, has netted a considerable sum for the Association, although the expenses have been large.

☞ The Madison *Democrat*, speaking of the defeat of Judge Crawford, takes occasion to say:—

He has not committed one act of demagogueism or engaged in one trick of a politician to secure the office, nor have his friends made one unworthy or partisan appeal in his behalf.

More unworthy, or merely partizan appeals than were made in his behalf by some of the German anchor organs in this state—the *Staats Zeitung* and *See Bote*, for instance—we do not remember ever to have seen. Both those journals falsely denounced Mr. Cole as a "Know Nothing," a "narrow-minded nativist," a "foreigner-hater," a "temperance hypocrite," &c., &c., for the "unworthy" and "partisan" purpose of rallying the German voters *en masse* to the support of Judge Crawford.

Lithographic and Building Stone.

Ever since reading Foster and Whitney's interesting Report on the topography of the region of country lying south of Lake Superior and down into Wisconsin, and seeing their description of the beautiful marbles to be found, hither and thither, all through that country, we have been expecting to hear that somebody is making *ready for a fortune* in developing that particular resource of a little settled region. We heard last winter of the discovery of beautiful lithographic stone somewhere around the shores of Green Bay, but were not allowed to mention it to the public. Whatever reason for secrecy there might have been is now removed, and we have the pleasure of informing our readers not only that an abundant supply of the finest lithographic stone has been found, but that *an exhaustless quarry* of a beautiful, close-grained, white or light-drab stone is opened on the shore of Green Bay, at a place where it can be loaded direct from the quarry into large sail craft.

The owner of the quarry is desirous of introducing the stone to our builders, and promises to send some specimens shortly. He writes as follows, to a friend in this city;

"The quarry lies on the Door Bluff, at the northern extremity of the peninsula. It lies for three miles directly on the bay shore, and in that distance the under surface of the *bed runs from* the bay surface to 40 feet above. It is 8 feet thick, covered by a rubble of 3 to 4 feet. The marble lies in blocks of different thickness, running *from 18 inches to 5 feet*; the blocks vary from 6 to 20 *foot square*. All along the bed, by docking out 50 feet, a depth of 10 to 15 feet can be obtained, so that the largest vessels can load, so to speak, directly from the quarry. It is a beautiful stone—superior in every respect to that from Madison; and when I once get at it, no other stone will be sold for the best buildings in Milwaukee, and other lake ports this side of Chicago. * * * I have already contracted a quantity of the lithographic stone. * * * I have now a gang of men and teams at the quarry, and have a strong dock 70 by 100 feet already built. * * * I have several colors of fine lithographic stone, which will make as handsome flooring as was ever shipped from Europe, &c., &c."

We do not know whether the contract for the U. S. Custom House has yet been let, or whether there would be time for the examination of this quarry. The owner states that for the purpose of introducing the stone to the acquaintance of our people, he would furnish what is needed for the first building, at a very small advance above the cost of getting it out. We hope that somebody will look after this matter. By sail vessels, this beautiful stone can be laid down at our docks at a low cost.

Port Washington, April 11th.

Messrs Editors:—Samuel Crawford has 1213 majority in Ozaukee County. This is official.

Correspondence of the Sentinel.

Wauwatosa, April 3, 1855.

Messrs Editors:—At our Town Meeting, just closed, Cole for Supreme Judge received 65 votes, Crawford 7. The fires are kindling upon Freedom's Altars. Aye! and they will not go out until every "doughface" in the land, *from the great Boss, to the little Giant, is consumed.*

Yours, L.

Ozaukee County—Judicial Election &c.

We learn from the *Advertiser* that Ozaukee Co. gives Crawford 1280 majority for Judge of the Supreme Court.

The supervisors elect are as follows:

J. Q. Downs was elected chairman of the supervisors of Grafton, Chas. E. Chamberlain of Cedarburg, Adolph Zimmerman of Mequon, Joseph Mann of Saukville, D. Miller of Fredonia, D. Watery, of Belgium and Harvey Moore of Port Washington, all good business men and must give general satisfaction.

Illness of the Governor-Elect of New Hampshire.—The Boston Mail has the following paragraph:

We learn that Hon. Ralph Metcalf, Governor-elect of New Hampshire, is seriously ill at his residence in Newport. Our informant, who left that vicinity on Saturday, states that the general impression was that his sickness would prove *fatal.*

A private letter received by us yesterday, dated Manchester, N. H., April 7th, says: "Ralph Metcalf, Governor elect, is reported this morning at the point of death."

Honor Deserved.—The Ozaukee *Advertiser* thus notices the return to their homes of Senator Gill and Mr. Ramsey, Assemblyman from the North District of that county. These gentlemen were among the few Democrats who were found voting with the Republicans every time, in doing the State good service against its enemies:

We are happy to announce the safe return of these estimable gentlemen, after a winter of toil and labor in behalf of the interest of State, and the ferreting out of robberies, thefts, plunderings, and committals of innumerable crimes, which can only be charged to the notorious banditti known as "Barstow and the Balance."

In justice to Messrs Gill and Ramsey, we think it right and proper to state, that while at Madison, they have maintained a *straight-forward, Democratic course*, and that in every instance they have merited the approbation and thanks of their constituents.

A Race Across the Atlantic.—The new ships Alert, Capt. Smith, and King Lear, Capt. Elldridge, both sailed from Boston, February 17 and both arrived at London on the 15th ult. The Beacon Light, Capt. Summers also sailed thence, February 23, and arrived at London 17th ult.—The Great Republic, Capt. Limeburner, sailed from New York Feb. 24, and arrived at London, 16th ult., having made the shortest passage of the whole.

The bombardment of Greytown shows what autocratic folly may be committed by a President chosen by the People. It is supposed by these warlike plotters that the *odium* of the Nebraska bill can be covered up by the smoke and blaze of a foray on Spain.—[Wisconsin.

Very much as Gov. Barstow hopes to cover up the Lunatic Asylum Swindle and other iniquities of *his* administration, by vetoing the Prohibitory Law and raising the "Free Liquor" issue. We think that "Pierce and Nebraska" and "Barstow and the Balance" are a dead match.

SIEGE OF SEBASTOPOL.

Storming of the Malakoff Redoubt.

Describing the recent storming of a Russian redoubt by the French, the London *Times* says, editorially:—

"It appears by the last accounts that the purpose of the allied generals is still fixed on the prosecution of the siege by means of a bombardment followed by an assault. Two experimental attacks have been made by the French in two different ways, which serve to show that it is not easy to gain an advantage over our indefatigable antagonist.

It appears from both the Russian and French reports that, in the night of the 21st of February, the Russians succeeded in throwing up with great rapidity a new redoubt on the right bank of the careening harbor. Within forty-eight hours, Gen. Canrobert resolved to force this new position, and the attack was made before the work had been completed.

A large body of French troops, under Gen. Monet, advanced in the night of the 23d against this redoubt. The Zouaves rushed upon the intrenchments with the utmost bravery, and a sanguinary contest ensued, which cost nearly 500 of these admirable soldiers. The Russian infantry regiments of Selenghinski and Volhynia, under Gen. Kroustchoff, defended the work with great steadiness, and after a severe combat the French column was compelled to retreat.

This unfortunate result is said to be attributed to several causes—the disclosure by spies of the French plan of attack, the fire of the Russian vessels in the harbor, and from the surrounding forts, and a want of steadiness on the part of one portion of the assailants, who are said to have left the Zouaves to bear the brunt of the engagement.

We are unable to determine with certainty what amount of truth there may be in these statements; but it is undoubtedly true the Russians appear to have expected the attack, and had occupied the position with a small army, rather than with a detachment in proportion to its extent.

On the side of the French, the force consisted of only half a brigade of Zouaves, 1600 strong, two battalions of marines, 2,300 strong, and 400 volunteers, in all less than 4,500 men. The Russians were 10,000 strong, and the unfortunate Zouaves fell into a regular ambuscade.

Nevertheless, such was the dauntless vigor of these troops, that they stormed the redoubt and held one-half of it against fearful odds, when the Russians succeeded in outflanking the column; the marines were separated from the Zouaves and driven back in all directions, and the latter were completely surrounded by the enemy.

The second time, they succeeded, by sheer hand-to-hand fighting in completing the capture of the redoubt, but no sooner had the Russian infantry fallen back, than the batteries and ships opened a terrific fire upon the work, and rendered it completely untenable. It was not till then that Gen. Monet, who was twice severely wounded, ordered a retreat, and though the night was disastrous from the loss of many hundred lives and the failure of the chief object, the gallantry displayed by the Zouaves was such that this repulse may well be ranked with their most brilliant achievements.

General Canrobert's Official Despatch.

"Before Sebastopol, Feb. 27, 1855.

"To the Minister of War:—

"Monsieur le Marshal,—I have the honor to send you the details of the *coup de main* executed in the night between the 23d and 24th February, in advance of our right line of attack.

"The following dispositions had been taken—a detachment of engineers and a detachment of artillery, two battalions of the 2d Zouaves, under Col. Cler, and the battalion of the 4th regiment of marines, under Commander Mermier, commanded by Gen. Monet, were to carry the redoubt constructed by the Russians in front of our right lines. Two battalions of the 6th and 10th of the line formed the reserve. The whole was commanded by Gen. Mayran, and the operation was under the superintendance and direction of Gen. Bosquet, commander of the second corps.

"The Russian work had some ambuscades in advance, which, in the obscurity of the night, offered obstacles, of which it was very difficult to appreciate the disposition of strength. The troops destined for the attack, stormed and routed them, and while the battalions on the French left and centre overcame those obstacles, the Zouaves led by Col. Cler, and the brave Gen. Monet, (who had already received four wounds) at their head, penetrated into the redoubt under a heavy fire of musketry, and threw themselves upon the dense body of Russian infantry who were within.

"This infantry gave way after a short but severe struggle, in which the detachment of engineers, under Captain Valesque, took a brilliant part as did also the artillery commanded by Lieut. Delafosse. The Zouaves displayed the most remarkable intrepidity.

"The enemy had suffered considerable losses. The object we had proposed was attained; and we could not think of holding a position open on all sides to the Russian artillery; but we had shown them once more our superiority in action. Our return to our lines was accomplished without the enemy—who were struck with astonishment—molesting us, notwithstanding their numerical superiority; and the reserve, who had left the trenches to cover, if necessary, our retreat, did not meet with any one.

"Our loss was considerable, but not in proportion to the danger of this nocturnal combat, where our soldiers were exposed until their return to the trenches, to the fire of the town. Our troops behaved admirably as they always do, and I cannot praise them too highly. [illegible]

(Signed) CANROBERT."

The Russian Account.

The *Journal of St. Petersburg* gives a long account of the same affair. The report sums up by saying:—"Twice the enemy (French) attempted to renew the attack, but each time were driven back with loss to the trenches. Finally, after an hour's combat at the point of the bayonet, during which the Russian drummers never ceased to beat the charge, the enemy was compelled to retreat, leaving in our power more than 100 killed, among whom were 8 officers.

"Moreover, our troops took 24 prisoners, of whom five were officers. In all the loss of the enemy was not under 600 men. During their retreat they were exposed to the heavy fire of the neighboring bastions, and of the steamers Vladimir, Chersonese and Gromonosets, anchored in the roadside. On our side we had 65 killed and five subaltern officers and 230 men wounded."

France.—On Tuesday, the 20th March, the Emperor reviewed the whole of the Imperial Guards, in [illegible] and presented standards to the Cent Guards, with the following speech:

"Soldiers! The army is the true nobility of our country. It preserves intact from age to age the traditions of glory and of national honor, and your genealogical tree is here. [Pointing to the colors.] It marks, at each generation, a new victory. Take then these flags. I confide them to your honor, your courage, and your patriotism." Rapturous applauses greeted this oration.

Speeches of the new Czar.

Accounts from St. Petersburgh, probably reliable, of of date March 9th, state that the substance of the Czar Alexander's speeches to the representatives of the different bodies and administrations of the state may be condensed into these words:—"I will maintain firmly the plans traced out by my father."

In his address to the Council of State, the officers of the Guard and a deputation of nobles who reported concerning the militia, the Czar expressed himself yet more strongly: "I solemnly declare," said he, "that I will not give up the first inch of Russian territory to our enemies; I will take good care to prevent their penetrating further on the soil of our country, and never—never—may my hand wither first—will I affix my signature to a treaty which shall bring the slightest disgrace on the nation's honor!"

This speech was responded to with vehement applause.

The latest Parisian *mot* has reference to the rumored Journey of the Emperor and Empress to the East: "L'Imperatrice va a Jerusalem en *Pelerine* [illegible] d'en revenir en *Sainte*" [enceinte].

Obituary.—The Buffalo *Democracy* of Friday last, says:—

We are pained to announce the death, yesterday afternoon, at 5 o'clock, of Mrs. Elizabeth Drusilla Moseley, the wife of the Hon. Wm. A. Moseley. This intelligence will cast a gloom over a large portion of the society of our city. The deceased was an accomplished and intelligent lady—widely known for her graceful hospitalities, and her private benefactions—and, from an early period of the history of Buffalo, was identified with all that was excellent in religious and social reputation. She will be widely lamented and long remembered.

CITY MATTERS.

The Opera To-Night.—Our Musical Society will give to-night their first representation of the favorite opera of *Norma*. It has been in rehearsal for two or three months and great pains have been taken to get it up in the best style. A well-drilled Orchestra and powerful chorus will help to render it effective. The Hall, no doubt, will be crowded, and we suggest to the Society that they have Ushers appointed to show ladies to their seats and see that the front benches are fully occupied. Provision, too, should be made to ventilate the Hall, as otherwise the atmosphere soon becomes close and unwholesome. The attention of members and others is invited to the notice of the Committee about the price of tickets.

POLICE COURT.—April 11.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A warrant was issued against Michael Ebner, charging him with assault and battery upon Patrick Kavenagh, on the 10th of April, in the town of Wauwatosa. The comp't had received a severe blow on the nose, cutting it, and was spitting blood from the pounding on his chest.

The warrant issued on the 10th against Simon Meister, for assault and battery upon A. Franz Dilgner, was returned, the costs paid; the matter having been settled by the parties. Dilgner was a man out of work and was applying for work when Meister struck him; destitute, he receives a dollar as compensation for a blow that deprives him for some time of the sight of one eye.

In the afternoon Michael Eber was tried for assault and battery upon Patrick Kavanaugh—found guilty, and fined $20 and costs, amounting in all to $32,59.

A Nice Point.—A man named Francis Barish was next tried for an assault upon Wm. M. Williams, on the 5th of April, in the town of Lake. The evidence of the complainant was that on the day mentioned in the complaint, complainant saw some cattle and hogs in his meadow, and while attempting to drive them out, defendant, who owned the cattle and hogs, raised a stick above him and threatened to knock his head off, but was pulled away by one of his girls—came up and raised the stick the third time, and at each of these three times was within striking distance. The Court enquired of the complainant's counsel if he expected by further testimony to change the nature of the case, and being answered in the negative, remarked that he could not convict the defendant of an assault upon the testimony, as the intention to commit the assault was not made out—that the defendant had three opportunities to strike when within striking distance, and not having been interrupted, and failing to strike, it would preclude the court from finding that the intent to commit an assault existed.

It may be well to note that on the complainant's cross examination, he admitted throwing his axe, a sharp one, at both the cattle and hogs, and was in doubt whether he had cut them or not. A suit is commenced charging him with chopping or flinging an axe into a two year old heifer, and injuring her badly.

The Cleanliness of the City—Its Health.

"There will be occasion from time to time during the coming season, to create special taxation, by reason of the necessity of abating nuisances, in order to preserve the health of the city. Whenever and wherever such necessity exists, no matter what the expense, it is your duty to act in the premises, and to act promptly and unhesitatingly. For the preservation of the health of the city is of far greater consequence, and of much more value, than all the wealth and riches that would otherwise flow in upon us. You cannot be too vigilant in this respect. Our city has thus far enjoyed an enviable reputation at home and abroad, for its general good health. And by careful and prudent management on the part of those of you to whom will be entrusted this important and responsible department of the City Government, we shall be enabled to preserve in future, the reputation that we have heretofore enjoyed.—*Inaugural of Mayor Cross.*

The necessity of abating nuisances would be manifested to every person who should take the trouble to walk through the alleys, yards, &c., of a large portion of the thickly settled part of the city. In some places the alleys are in a most filthy condition—the accumulated filth of the past winter, the refuse from stables, kitchens, boarding-houses, the overflowing of cess-pools, &c, are stagnated in ponds creating a stench that is certain to breed sickness and disease, and produce death. Last year the attention of the city authorities was early called by the *Sentinel* to the same state of things; but no steps were taken to thoroughly cleanse the Augean stable, until after the warm weather had fairly set in, when everything capable of emiting an unpleasant and unhealthy odor was stirred, until the business part of the city smelled more like an ancient soap factory than the residence of civilization. If the Common Council will commence the cleaning of the city *in season*, and before warm weather commences, it can be kept clean easily through the summer, and that without creating an artificial atmosphere, malarious and deadly. We hope they will regard the suggestion of the Mayor, and consider it their "duty to act in the premises, and to act unhesitatingly." They cannot be too "vigilant in this respect," and their action in a matter of so much importance as the health of the city, must not be delayed until the hottest part of the summer commences; but by prompt and "prudent management" on the part of those of you to whom will be entrusted this important and responsible department of the City Government, we shall be enabled to preserve in future the reputation we have heretofore enjoyed"—a healthy city. Numerous applications have already been made at the Police Court, to have nuisances abated. Emigration has already commenced setting its course to our city—the scarcity of tenements accessible to the poorer classes will necessarily place *them in crowded* rooms and houses, and every precaution should be taken to enforce the sanitary regulations for the preservation of health and prevention of contagious disease in the city; and those precautions should not be delayed, but be commenced at the earliest moment, and when done the Council will find that they have not "enlisted in what has heretofore been regarded as a thankless service."

Bayne's Panorama.

By the advertisement in our paper to-day, it will be seen that our citizens are to have the opportunity of seeing the admirable Panorama of a voyage to Europe, which has been well received in various cities of the Union, and has drawn full houses in Chicago for several months past. The Exhibition opens at Young's Hall on Monday evening next. The following, among numerous notices of the painting, are from two of the best papers in the country.

"Bayne's Panorama.—Mr. Editor: Allow me, through your paper, to say a few words in praise of Bayne's Panorama, and, as I have visited the places he represents, I can bear testimony to the fidelity of their resemblance. The views of London especially, commencing at the Parliament House, and continued down the Thames, under the arches of some of the handsomest bridges, are beautifully executed, as are the views up and down the Rhine, from Cologne to Mayence, embracing all the most picturesque scenery. The view of the Castle of Heidelberg would alone well repay one for visiting the Panorama, and, as a whole, it will give one a better idea of the scenery represented than volumes of description.—[Boston Transcript.

Bayne's Great Panorama of a Voyage to Europe is beginning to be a fashionable resort of our citizens. On Wednesday night we were present, and were gratified to behold an assemblage of many of our first families. The enthusiasm manifested by the audience, as the various views passed before them, was a most flattering testimonial of the talents exerted upon this stupendous production. It is a work alone sufficient to pass the genius of the artist to most honorable mention by posterity. We always considered Mr. Bayne a painter of fine taste, but the present work proves him to be an artist of the most elevated quality.—[Atlas.

JUDGE JENKINS PRESIDING.

Wednesday, April 10.

R. N. Austin et al vs Horace Lyford. Attachment. Judgment by default; damages assessed at $100—costs taxed at $27.66. Sam'l Bishop plaintiffs attorney.

Lyman Reed vs Edward H. Brodhead, Stephen F. Bates and Patrick Bennett. Action. Trespass jury trial. Cause progressing. Messrs. Watkins & Paine, plaintiffs attorneys. Finch & Brown defendants attorneys.

Attachment issued against Chas. F. Bode, Esq., to answer for contempt of Court, in not complying with order of Court, requiring return to writ, &c.

The Street Sprinklers.—We are informed that two competent men are ready to undertake the task of sprinkling East Water, Wisconsin, Spring and West Water streets, during the season, keeping two teams going, at the rate of $200 per month. They propose that the necessary funds shall be raised by subscription and placed in the hands of some proper officer who shall see that the work is well done, and pay for the same in weekly or monthly instalments. Daniel Hinman, landlord of the Menomonee, is one of the parties proposing to take the job, and will do the work faithfully. Store-keepers and others interested will do well to give this matter their early attention and concert measures to secure that indispensable luxury—the street sprinkler.

Wool Carding.—Our old friends, W. Burke & Co, on the Water Power, with the coming of spring, renew their invitation to the public whom they have long faithfully served, to exchange with them wool or cash for Yarn, Cassimeres, Tweeds, Blankets, Shawls &c. Their carding is well done, with new cards and their cloths and other fabrics are neatly woven. As their Shawls, our comfort in many a cold day last winter gave us good evidence of their quality. Success to home manufactures!

Dodge Co. Iron.—The schr. *J. S. Wallace*, took on Saturday last for Chicago, 75 tons of pig iron, brought in by the Watertown R. R. from the Dodge Co. mines. The brig *F. C. Clark* was yesterday taking on 100 tons more of the same lot. The iron region from which these metallic porkers came will be better than the famous Iron River diggings, to those who are developing its resources. The iron is shipped by Bell & Sutton.

Galena and Chicago Union R. R.—The advertisement of this Company is brought forward to day, showing a change of hours. The attention of those who desire to economise time by making accurate connections in travelling that way, is called to the change.

Tub and Pail Factory.—Messrs. Dagoury & Knox are on hand with a large stock of Milwaukee made, and well made tubs, pails, &c. Their advertisement tells a true story, and we are glad to know that their wares go off like hot cakes, as they ought to. Merchants will do well to call upon them.

Dry Goods at Auction.—A large stock of Dry Goods, will be sold at Auction this morning at Joel Hoods Chequered Auction Rooms, East Water Street. Jonathan will be on hand to deliver the goods.

☞ The Board of Trade of Milwaukee is composed of 360 of our best business men, and they will undoubtedly keep up their rooms and continue their usual business, without the propitious smile of the Jenny Lind organ.—[Wisconsin.

Provided always, of course, that they secure the patronage and are honored with the notice of the organ of "the Forty."

For Two Rivers.—The steamer *Superior* will leave Dousman's dock to-morrow, Thursday, morning at 8 o'clock for Two Rivers calling at the intervening ports. For passage apply to J. Griffin Agent.

☞ The steamer *Arctic*, Captain Nicholson, arrived from Chicago yesterday afternoon with nearly 200 passengers, and sixty-five tons of freight. The *Pacific* left last night for Chicago with a fair load of passengers.

Shipment of Barley.—The brig *F. C. Clark* has taken on 9000 bus barley, and clears for Chicago to-day.

Bound East.—We saw yesterday a number of Country Merchants at the different hotels, on their route to New York and other Eastern Cities to purchase their spring stock of goods.

Marshal's Office.—The City Marshal has taken an office with the City Attorney in Juneau Block, directly above Justice Smith's Office.

The Public Schools.—The Public Schools of our city will open for the Spring Term on Monday next. The list of Teachers appointed will be found in this morning's paper.

American Muskets for Foreign Use.—There is great activity at present among some of our American gun manufacturers, induced in part by the war in Europe. The Windsor, (Vt.) Journal says that the Robbins & Lawrence Company of Windsor, have just contracted for the manufacture of muskets to the amount of some four or five hundred thousand dollars. The contract is made for a company in London, and the arm to be manufactured, is the Minie rifle, with some modifications. The fulfillment of the contract will require an additional force of some two or three hundred men. Two establishments in Massachusetts have also received similar orders, one of which is for 20,000 rifled Muskets.

The Lunatic Asylum Swindle.

It is very rarely indeed that a Swindle of the magnitude of the Lunatic Asylum Contract has been attempted in connection with a State Government. So long as the statements in regard to this contract were mere rumors, we said nothing about it, but now, after having read the evidence, the report of the majority and minority of the Investigating Committee, and various other documents on both sides, we feel that we should not be doing our readers justice, if we did not give them a history of the affair.

* * * * * * *

Thus, at length this enormous swindle is finally blocked. Some $15,000 has already been paid out to the Commissioners, Superintendents, Contractors, etc; but this is a mere drop in the bucket. In his veto, the Governor, after commiserating at some length the sad condition of the 125 insane persons within the State, very incautiously leaked out the fact that the plan all along had been to get the swamp lands into the hands of "the forty" and to devote the amount paid for them to the building of the Asylum.

This Lunatic contract was a swindle of such magnitude and of such unblushing rascality, as any of our readers who have read the evidence know, that if the Legislature had done nothing else, it would deserve the thanks of the voters of the State for breaking it up.—[Platteville American.

Our Exchanges.—We are yet in the receipt of but few exchanges, and that must be our apology for any lack of news in our columns. That sterling daily, the Milwaukee *Sentinel*, comes to us regularly, and we consider it indispensable to publishers in the interior of our State. It is the best paper published in the West; its news by telegraph are published on the same morning as in New York, and its local matters, markets, &c. are strictly reliable.—[Watertown Times.

Murder.—The Milwaukee *Sentinel* of the 5th inst. says that "a rumor of the murder of a traveler at Watertown had reached them." There were several sudden deaths (politically) here last Tuesday night which, probably gave rise to the report.—[Watertown Times, (dem.)

Loss of the Steamer Shotwell.—We learn from Mr. Kratsinger, Express Messenger, that the splendid Mississippi steamer *A. L. Shotwell* sunk on Sunday night last near Smith's landing, about 120 miles below St. Louis. No lives lost.—[Chicago Press.

Grand River Harbor Open.—The Propeller *Ottawa*, Capt. J. Saunders, arrived from Grand Haven yesterday morning and reports nine feet on the bar. Ice is nearly all gone.—[Chicago Press.

☞ The Plow has been put in motion by many of our farmers, and the "seed time" has come again. The season is unusually late, and as labor is scarce, with a good prospective market for everything that can be raised, there will be hurrying times among the farmers this spring.—[Watertown Times.

Saut Canal.—The Cleveland *Plaindealer* is informed that vessels will be passed through the Saut Canal some time in the month of May next.

☞ Lake St. Clair is free from ice but the Flats are "tighter'n a brick" yet.—[Detroit Tribune April 9.

Barley—selling at 1,00@1,02. Shipped 5000 bus for Chicago.

Oats—quick sales at 45@47.

Corn—we note a sale of 1000 bus corn at the railroad, at 60c. There were sales of 22000 bus of corn in store at 61@61c, including one lot 10,000 bus free on board, at 61.

Potatoes show a further decline, and we quote sales yesterday at 62½@75c. The Schooner *Ontonagon* has taken on a cargo of some 5600 bus to go south.

Oswego Market—April 6.

Sales to-day of 340 bbls Canadian Flour at 9.25 for superior market.

There is considerable movement in Canadian Wheat, with some transactions not made public. There was a sale of 5000 bus mixed on private terms, but supposed something over 2.05, and to-day the cargo of the Credit Chief, 5600 bus, handsome white, old on arrival at 2.10 for milling for which there is an active demand.

Breadstuffs in Rochester.—A stroll among the Mills and a chat with the millers, says the *Advertiser*, has disclosed facts not very promising for the Canal interests on the opening of navigation. But a few years ago it was customary, on the opening of the Canal in the spring, to find from 20,000 to 40,000 bbls. of flour ready for shipment—thus giving a good start to the receipts, and making up somewhat for the five months idleness of the Canal. This is all changed now, and the prospect is that, on the opening of navigation, there will be less than 5,000 bbls—some go as far as to say there will not be a single boat load to be shipped by the Canal. The stock of flour now in the city—including that in the hands of city centers—does not probably reach 20,000 bbls. What is made by the mills now, with inconsiderable exceptions, is at once sent East, to meet the demand of a rapidly exhausting market.

Of flour actually in the warehouse, and called, therefore, in store, there are not over 3,000 bbls, and this may be all withdrawn before navigation opens, the Canal shall have been opened.

In relation to the above, the Rochester *Union*, [illegible] comments as follows:—"In the main our contemporary is correct. We think, however, that he is rather too low in some of his estimates. There will probably be more than 2,000 bbls of flour in store to go east at the opening of the Canal. There is a good deal of Canada wheat to arrive, and the mills will manufacture more the present month than they can send by boats—at least, we judge from millers. The amount however, to be taken by the boats, will be unusually small. Our contemporary is wrong in stating that of Genesee wheat there is not left over 4,000 bushels. One gentleman holds over 20,000 bus Genesee wheat in an elevator or in this city yesterday morning. Aside from this, the quantity held is quite small. Three thousand bushels of wheat was sold for grinding at the extreme price of $2.58, the highest sum ever paid for wheat in this city."

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical. She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis she was persuaded to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females with obstructions in their health, [illegible]

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr. A. L. Adams' Liver Balsam for doing that it promises to do, and the wonderful cures which it has effected are so great, the people every where are conversant with the good qualities of this Medicine as with "Household Words."
It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are—from its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is, get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

☞ L. W. [illegible] is our only authorized traveling Agent to receive subscriptions, collect moneys, &c. and receipt for the same. RUFUS KING & CO. March 6, 1855.

☞ The America, with one week's later dates from Europe, and now fully due at Halifax, had not been heard from up to the hour of our going to press last evening.

☞ Gov. Barstow, Attorney General Smith, Comptroller Dennis and the "Balance," arrived in town yesterday, and are lodged at the Walker House.

☞ A salute of artillery was fired last evening, between 9 and 10 o'clock, in honor, as is supposed, of Judge Cole's election to the Supreme Court, and Gov. Barstow's successful efforts in his behalf.

The Judicial Election.

Our Democratic contemporaries are busily engaged in the to them unusual occupation of accounting for a defeat. Having recovered from the first shock of Mr. Cole's election, they are all trying their hands at explaining so unexpected and unwelcome a result. "It is instructive to remark," however, that they differ widely in their explanations. The *Wisconsin*, for instance, which was at first entirely confident of Judge Crawford's re-election, has discovered that he is a victim to his opinion in favor of the Fugitive Slave act and to the efforts of the friends of a Prohibitory Liquor Law. But it is gratifying to note the remark of the *Wisconsin*, "that Orsamus Cole has the integrity and ability, after some experience, to fill Judge Crawford's place." This is quite an improvement on the *Wisconsin's* style of discourse previous to the election.

The Madison *Democrat*, while conceding that Mr. Cole will make "a fair and creditable Judge" has a different theory from the *Wisconsin* to account for Mr. Crawford's defeat. Thus it says:

> In many towns Cole receives the unanimous vote—none being cast for Crawford—not an evidence of the latter's unpopularity, but because there were no tickets with his name on, and between two so respectable candidates, the people hardly had a choice.

We rather think that the people had a decided choice in the premises, and expressed it pretty emphatically by their votes.

The Watertown City *Times differs from* both its Madison contemporaries, as to the cause, of the overthrow, and ventures the following explanation:

> Returns indicate the election of Mr. Cole, as Associate Judge. We had hoped for a different result, and shall regret to see Mr. Crawford retire from the useful and honorable position he has maintained as a member of the Supreme Court; and if such is his fate, he has been carried down by the popular *sentiment so averse to everything about which the present State administration gathers.*

This "swift witness" against "Barstow and the Balance" is corroborated by the Waukesha *Democrat*, which declares that "wherever a Barstow-man was known to support Mr. Crawford, the People en masse voted against him!" There is a great deal of truth in this remark. Mr. Crawford's supposed connection with the State Administration—or rather, the fact that he was supported by the Barstow organs and leaders, cost him thousands of votes throughout the State. The result, indeed, of the Judicial election is quite as emphatic a verdict against the State Administration, as it is a popular expression in favor of the judgement pronounced by our Supreme Court upon the *Fugitive Slave act*. In this result "Barstow and the Balance" cannot fail to see "the handwriting on the wall." We are not, therefore, at all surprised to learn that since the election Gov. B. has serious doubts about allowing his friends to use his name as a candidate for re-election.

Lowell's Lecture.

The last lecture of the course provided by the Young Men's Association was delivered before a crowded audience at Young's Hall, on Tuesday evening.

Mr. Lowell's personal appearance is not of the delicate, ethereal cast, nor his eye in that "fine frenzy rolling" which is considered appropriate to the poet; but rather of the quiet sort, pleasant to the eye, and full of the look of good feeling, which might be expected in one who shines more and prefers to shine more in the vein of good natured satire, than in the loftier regions of poetry. His wit is trenchant—his lecture composed of short sentences, full of ideas, and quite original. He recites with great expression, and carries the hearer at his will. In his contrasts of the old Ballads, which were his theme, with the bald and tame imitations of modern days, all the more bald and tame that they make pretensions which the older ones did not make, his illustrations were made very emphatic by the manner of recital. Perhaps some one who admires the late ballads more than the older ballads, might, by adopting the same expedient, make the latter appear, in many cases as ridiculous as Lowell did the former.

His contrast of the old song of Helen of Kirkconnel with Wordsworth's tame statement of the same "case" was excellent. Wordsworth's *vein* was not ballad writing. In the words of the ancient rhyme—will somebody tell us the name of the distinguished author?—

> "Every man can't be a poet,
> No more than a sheep can be goat!"

And so every poet cannot write ballads, of the good old sort.

Lowell seems to have a "particular vanity" in regard to hits at the newspapers; which is entirely proper, considering the unmerciful manner in which the newspapers sometimes hit the poets. His comments upon the "high-falutin" style of news paragraphs have much justice in them; and yet if he would but consider the argument which he himself advances in favor of the simple style of the old ballads, as being *adapted to the popular mind* and heart, he would find the reason for the more ambitious style of newspaper paragraphs now-a-day. The popular mind demands—craves—excitement and a paragraph which is headed "Fire," or "Accident," or some other such plain word, will be disregarded entirely, and the paper considered quite behind the age, while its contemporary, which lets off a volley of staring capitals, announcing a "Tremendous Conflagration," or a "Shocking Occurrence" will be regarded as a model of enterprise, and quite up to the times. This proneness to exaggeration exists, quarrel with it as we may, and we must, all of us, yield to its demands in some degree.

The lecture was listened to throughout with unflagging attention, and heartily applauded at the close. It was a worthy *finale* of a first rate course, which has provided pleasant and profitable entertainment for a great number of our citizens, and, we presume, has netted a considerable sum for the Association, although the expenses have been large.

☞ The Madison *Democrat*, speaking of the defeat of Judge Crawford, takes occasion to say:—

> He has not committed one act of demagogueism, or engaged in one trick of a politician to secure his office, nor have his friends made one unworthy or partizan appeal in his behalf.

More unworthy, or merely partizan appeals than were made in his behalf by some of the German sucker organs in this state—the *Staats Zeitung* and *See Bote*, for instance—we do not remember ever to have seen. Both those journals fiercely denounced Mr. Cole as a "Know Nothing," a "narrow-minded nativist," a "foreigner-hater," a "temperance hypocrite," &c., &c., for the "unworthy" and "partizan" purpose of rallying the German voters *en masse* to the support of Judge Crawford.

Lithographic and Building Stone.

Ever since reading Foster and Whitney's interesting Report on the topography of the region of country lying south of Lake Superior and down into Wisconsin, and seeing their description of the beautiful marbles to be found, hither and thither, all through that country, we have been expecting to hear that somebody is making ready for a fortune in developing that particular resource of a little settled region. We heard last winter of the discovery of beautiful lithographic stone somewhere around the shores of Green Bay, but were not allowed to mention it to the public. Whatever reason for secrecy there might have been is now removed, and we have the pleasure of informing our readers not only that an abundant supply of the finest lithographic stone has been found, but that *an exhaustless quarry* of a beautiful, close-grained, white or light-drab stone is opened on the shore of Green Bay, at a place where it can be loaded direct from the quarry into large sail craft.

The owner of the quarry is desirous of introducing the stone to our builders and promises to send some specimens shortly. He writes as follows, to a friend in this city;

"The quarry lies on the Door Bluff, at the northern extremity of the peninsula. It lies for three miles directly on the bay shore, and in that distance the under surface of the bed *runs from* the bay surface to 40 feet above. It is 8 feet thick, covered by a rubble of 3 to 4 feet. The marble lies in blocks of different thickness, *running from* 18 inches to 5 feet; the blocks vary from 6 to 20 feet square. All along the bed, by docking out 50 feet, a depth of 10 to 15 feet can be obtained, so that the largest vessels can load, so to speak, directly from the quarry. It is a beautiful stone—superior in every respect to that from Madison; and when I once get at it, no other stone will be sold for the best buildings in Milwaukee, and other lake ports this side of Chicago. * * * I have already contracted a quantity of the lithographic stone. * * * I have now a gang of men and teams at the quarry, and have a strong dock 70 by 100 feet already built. * * I have several colors of fine lithographic stone, which will make as handsome flooring as was ever shipped from Europe, &c., &c."

We do not know whether the contract for the U. S. Custom House has yet been let, or whether there would be time for the examination of this quarry. The owner states that for the purpose of introducing the stone to the acquaintance of our people, he would furnish what is needed for the first building, at a very small advance above the cost of getting it out. We hope that somebody will look after this matter. By sail vessels, this beautiful stone can be laid down at our docks at a low cost.

The supervisors elect are as follows:

J. Q. Downs was elected chairman of the supervisors of Grafton, Chas. E. Chamberlain of Cedarburg, Adolph Zimmerman of Mequon, Joseph Matin of Saukville, D. Miller of Fredonia, D. Watory of Belgium and Harvey Moore, of Port Washington, all good business men and must give general satisfaction.

Illness of the Governor-Elect of New Hampshire.—The Boston Mail has the following paragraph:

> We learn that Hon. Ralph Metcalf, Governor-elect of New Hampshire, is seriously ill at his residence in Newport. Our informant, who left that vicinity on Saturday, states that the general impression was that his sickness would prove fatal.

A private letter received by us yesterday, dated Manchester, N. H., April 7th, says: "Ralph Metcalf, Governor elect, is reported this morning at the point of death."

Honor Deserved.—The Ozaukee *Advertiser* thus notices the return to their homes of Senator Gill and Mr. Ramsey, Assemblyman from the North District of that county. These gentlemen were among the few Democrats who were found voting with the Republicans every time in doing the State good service against its enemies:

> We are happy to announce the safe return of these estimable gentlemen, after a winter of toil and labor in behalf of the interest of State, and the ferreting out of robberies, thefts, plunderings, and committals of innumerable crimes, which can only be charged to the notorious banditti known as "Barstow and the Balance."
>
> In justice to Messrs Gill and Ramsey, we think it right and proper to state, that while at Madison, they have maintained a *straight-forward, Democratic course*, and that in every instance they have merited the approbation and thanks of their constituents.

A Race Across the Atlantic.—The new ships Alert, Capt. Smith, and King Lear, Capt. Eldridge, both sailed from Boston, February 17 and both arrived at London on the 15th ult. The Beacon Light, Capt. Summers, also sailed thence, February 23, and arrived at London 17th ult.—The Great Republic, Capt. Limeburner, sailed from New York Feb. 24, and arrived at London, 16th ult., having made the shortest passage of the whole.

The bombardment of Greytown shows what autocratic folly may be committed by a President chosen by the People. It is supposed by these warlike plotters that the odium of the Nebraska bill can be covered up by the smoke and blaze of a foray on Spain.—[Wisconsin.

Very much as Gov. Barstow hopes to cover up the Lunatic Asylum Swindle and other iniquities of *his* administration, by vetoing the Prohibitory Law and raising the "Free Liquor" issue. We think that "Pierce and Nebraska" and "Barstow and the Balance" are a dead match.

SIEGE OF SEBASTOPOL.

Storming of the Malakoff Redoubt.

Describing the recent storming of a Russian redoubt by the French, the London Times says, editorially:—

"It appears by the last accounts that the purpose of the allied generals is still fixed on the prosecution of the siege by means of a bombardment followed by an assault. Two experimental attacks have been made by the French in two different ways, which serve to show that it is not easy to gain an advantage over our indefatigable antagonist.

It appears from both the Russian and French reports that, in the night of the 21st of February, the Russians succeeded in throwing up with great rapidity a new redoubt on the right bank of the careening harbor. Within forty-eight hours, Gen. Canrobert resolved to force this new position, and the attack was made before the work had been completed.

A large body of French troops, under Gen. Monet, advanced in the night of the 23d against this redoubt. The Zouaves rushed upon the intrenchments with the utmost bravery, and a sanguinary contest ensued, which cost nearly 500 of these admirable soldiers. The Russian infantry regiments of Selenghinski and Volhynia, under Gen. Kroustchoff, defended the work with great steadiness, and after a severe combat the French column was compelled to retreat.

This unfortunate result is said to be attributed to several causes—the disclosure by spies of the French plan of attack, the fire of the Russian vessels in the harbor, and from the surrounding forts, and a want of steadiness on the part of one portion of the assailants, who are said to have left the Zouaves to bear the brunt of the engagement.

We are unable to determine with certainty what amount of truth there may be in these statements; but it is undoubtedly true the Russians appear to have expected the attack, and had occupied the position with a small army, rather than with a detachment in proportion to its extent.

On the side of the French, the force consisted of only half a brigade of Zouaves, 1600 strong, two battalions of marines, 2,300 strong, and 400 volunteers; in all less than 4,500 men. The Russians were 10,000 strong, and the unfortunate Zouaves fell into a regular ambuscade.

Nevertheless, such was the dauntless vigor of these troops, that they stormed the redoubt and held one-half of it against fearful odds, when the Russians succeeded in outflanking the column; the marines were separated from the Zouaves and driven back in all directions, and the latter were completely surrounded by the enemy.

The second time they succeeded by sheer hand-to-hand fighting in completing the capture of the redoubt, but no sooner had the Russian infantry fallen back than the batteries and ships opened a terrific fire upon the work, and rendered it completely untenable. It was not till then that Gen. Monet, who was twice severely wounded, ordered a retreat; and though the night was disastrous from the loss of many hundred lives and the failure of the chief object, the gallantry displayed by the Zouaves was such that this repulse may well be ranked with their most brilliant achievements."

General Canrobert's Official Despatch.

Before Sebastopol, Feb. 27, 1855.

"To the Minister of War:

"Monsieur le Marshal,—I have the honor to send you the details of the *coup de main* executed in the night between the 23d and 24th February, in advance of our right line of attack.

"The following dispositions had been taken—a detachment of engineers and a detachment of artillery, two battalions of the 2d Zouaves, under Col. Cler, and the battalion of the 4th regiment of marines, under Commander Mermier, commanded by Gen. Monet, were to carry the redoubt constructed by the Russians in front of our right lines. Two battalions of the 6th and 10th of the line formed the reserve. The whole was commanded by Gen. Meyran, and the operation was under the superintendence and direction of Gen. Bosquet, commander of the second corps.

"The Russian work had some ambuscades in advance, which, in the obscurity of the night, offered obstacles, of which it was very difficult to appreciate the disposition of strength. The troops destined for the attack, stormed and routed them, and while the battalions on the French left and centre overcame those obstacles, the Zouaves led by Col. Cler, and having Gen. Monet (who had already received four wounds) at their head, penetrated into the redoubt under a heavy fire of musketry, and threw themselves upon the dense body of Russian infantry who were within.

This infantry gave way after a short but severe struggle, in which the detachment of engineers under Captain Valesque, took a brilliant part as did also the artillery commanded by Lieut. Delafosse. The Zouaves displayed the most remarkable intrepidity.

"The enemy had suffered considerable losses. The object we had proposed was attained; and we could not think of holding a position open on all sides to the Russian artillery. But we had shown them once more our superiority in action. Our return to our lines was accomplished without the enemy—who were struck with astonishment—molesting us, notwithstanding their numerical superiority and the reserve, who had left the trenches to cover, if necessary, our retreat, did not meet with any one.

"Our loss was considerable, but not in proportion to the danger of this nocturnal combat, where our soldiers were exposed until their return to the trenches, to the fire of the town. Our troops behaved admirably as they always do, and I cannot praise them to highly.

(Singed) Canrobert."

The Russian Account.

The *Journal of St. Petersburg* gives a long account of the same affair. The report sums up by saying:—"Twice the enemy (French) attempted to renew the attack, but each time were driven back with loss, to the trenches. Finally, after an hour's combat, at the point of the bayonet, *during which the Russian drummers never ceased to beat the charge*, the enemy was compelled to retreat, leaving in our power more than 100 killed, among whom were 8 officers.

"Moreover, our troops took 24 prisoners, of whom five were officers. In all, the loss of the enemy was not under 600 men, during the retreat they were exposed to the heavy fire of the neighboring bastions, and of the steamers Vladimir, Chersonese and Gromonosets, anchored in the roadside. On our side we had 65 killed and five subaltern officers and 250 men wounded."

France.—On Tuesday, the 20th March, the Emperor reviewed the whole of the Imperial Guards, in campaigning equipment, and presented standards to the Cent Guards with the following speech:

"Soldiers! The army is the true nobility of our country. It preserves intact from age to age the traditions of glory and of national honor, and your genealogical tree is here. [Pointing to the colors.] It marks at each generation a new victory. Take, then, these flags. I confide them to your honor, your courage, and your patriotism."

Rapturous applause greeted this oration.

Speeches of the new Czar.

Accounts from St. Petersburgh, probably reliable, of date March 9th, state that the substance of the Czar Alexander's speeches to the representatives of the different bodies and administration of the state may be condensed into these words:—"I will maintain firmly the plans traced out by my father!"

In his address to the Council of State, the officers of the Guard, and a deputation of nobles who reported concerning the militia, the Czar expressed himself yet more strongly:—"I solemnly declare" said he, "that I will not give up the first inch of Russian territory to our enemies [illegible]—I will take good care to prevent their penetrating further on the soil of our country, and never—never!—may my hand wither first—will I affix my signature to a treaty which shall bring the slightest disgrace on the nation's honor!"

This speech was responded to, with vehement applause.

The latest Parisian *mot* has reference to the rumored Journey of the Emperor and Empress to the East: "L'Imperatrice va à Jerusalem en *Pelerine* dans l'espoir d'en revenir *en Sainte*." [enceinte.]

Obituary.—The Buffalo *Democracy* of Friday last, says:—

"We are pained to announce the death, yesterday afternoon, at 5 o'clock, of Mrs. Elizabeth Desabelia Mosely, the wife of the Hon. Wm. A. Mosely. This intelligence will cast a gloom over a large portion of the society of our city.—The deceased was an accomplished and intelligent lady—widely known for her graceful hospitalities, and her private beneficence; and, from an early period of the history of Buffalo, was identified with all that was excellent in religious and social reputation. She will be widely lamented and long remembered."

CITY MATTERS.

The Opera To-Night.—Our Musical Society will give to-night their first representation of the favorite opera of *Norma*. It has been in rehearsal for two or three months and great pains have been taken to get it up in the best style. A well-drilled Orchestra and powerful chorus will help to render it effective. The Hall, no doubt, will be crowded, and we suggest to the Society that they have Ushers appointed to show ladies to their seats and see that the front benches are fully occupied. Provision, too, should be made to ventilate the Hall, as otherwise the atmosphere soon becomes close and unwholesome. The attention of members and others is invited to the notice of the Committee about the price of tickets.

POLICE COURT—April 11.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A warrant was issued against Michael Ebner, charging him with assault and battery upon Patrick Kavenaugh, on the 10th of April, in the town of Wauwatosa. The compl't had received a severe blow on the nose, cutting it, and was spitting blood from the pounding on his chest.

The warrant issued on the 10th against Simon Meister, for assault and battery upon A. Franz Dilgner, was returned, the costs paid; the matter having been settled by the parties. Dilgner was a man out of work and was applying for work when Meister struck him; destitute, he receives a dollar as compensation for a blow that deprives him for some time of the sight of one eye.

In the afternoon Michael Eber was tried for assault and battery upon Patrick Kavanaugh—found guilty, and fined $20 and costs, amounting in all to $32,50.

A Nice Point.—A man named Francis Barish was next tried for an assault upon Wm. M. Williams, on the 5th of April, in the town of Lake. The evidence of the complainant was that on the day mentioned in the complaint, complainant saw some cattle and hogs in his meadow, and while attempting to drive them out, (defendant, who owned the cattle and hogs, raised a stick above him and threatened to knock his head off, but was pulled away by one of his girls—came up and raised the stick the third time, and at each of these three times was within striking distance. The Court enquired of the complainant's counsel if he expected by further testimony to change the nature of the case, and being answered in the negative, remarked that he could not convict the defendant of an assault upon the testimony, as the intention to commit the assault was not made out—that the defendant had three opportunities to strike when within striking distance, and not having been interrupted, and failing to strike, it would preclude the court from finding that the intent to commit an assault existed.

It may be well to note that on the complainant's cross examination, he admitted throwing his axe, a sharp one, at both the cattle and hogs, and was in doubt whether he had cut them or not. A suit is commenced charging him with chopping or flinging an axe into a two year old heifer, and injuring her badly.

The Cleanliness of the City—Its Health.

"There will be occasion from time to time during the coming season, to create special taxation, by reason of the necessity of abating nuisances, in order to preserve the health of the city. Whenever and wherever such necessity exists, no matter what the expense, it is your duty to act in the premises, and to act promptly and unhesitatingly. For the preservation of the health of the city is of far greater consequence, and of much more value, than all the wealth and riches that would otherwise flow in upon us. You cannot be too vigilant in this respect. Our city has thus far enjoyed an enviable reputation at home and abroad, for its general good health. And by careful and prudent management on the part of those of you to whom will be entrusted this important and responsible department of the City Government, we shall be enabled to preserve in future, the reputation that we have, heretofore enjoyed.—*Inaugural of Mayor Cross.*

The necessity of abating nuisances would be manifested to every person who should take the trouble to walk through the alleys, yards, &c., of a large portion of the thickly settled part of the city. In some places the alleys are in a most filthy condition—the accumulated filth of the past winter, the refuse from stables, kitchens, boarding-houses, the overflowing of cess-pools, &c., are stagnated in ponds creating a stench that is certain to breed sickness and disease, and produce death. Last year the attention of the city authorities was early called by the *Sentinel* to the same state of things; but no steps were taken to thoroughly cleanse the Augean stable, until after the warm weather had fairly set in, when everything capable of emiting an unpleasant and unhealthy odor was stirred, until the business part of the city smelled more like an ancient soap factory than the residence of civilization. If the Common Council will commence the cleaning of the city *in season*, and *before warm weather* commences, it can be kept clean easily through the summer, and that without creating an artificial atmosphere, malarious and deadly. We hope they will regard the suggestion of the Mayor, and consider it their "duty to act in the premises, and to act unhesitatingly." They cannot be too "vigilant in this respect," and their action in a matter of so much importance as the health of the city, must not be delayed until the hottest part of the summer commences; but by prompt and "prudent management" on the part of those of you to whom will be entrusted this important and responsible department of the City Government, we shall be enabled to preserve in future the reputation we have heretofore enjoyed"—a healthy city. Numerous applications have already been made at the Police Court, to have nuisances abated. Emigration has already commenced setting its course to our city—the scarcity of tenements accessible to the poorer classes will necessarily place them in crowded rooms and houses, and every precaution should be taken to enforce the sanitary regulations for the preservation of health and prevention of contagious disease in the city; and those precautions should not be delayed, but be commenced at the earliest moment, and when done the Council will find that they have not "enlisted in what has heretofore been regarded as a thankless service."

Bayne's Panorama.

By the advertisement in our paper to-day, it will be seen that our citizens are to have the opportunity of seeing the admirable Panorama of a voyage to Europe, which has been well received in various cities of the Union, and has drawn full houses in Chicago for several months past. The Exhibition opens at Young's Hall on Monday evening next. The following, among numerous notices of the painting, are from two of the best papers in the country.

Bayne's Panorama.—Mr. Editor:—Allow me, through your paper, to say a few words in praise of Bayne's Panorama, and, as I have visited the places he represents, I can bear testimony to the fidelity of their resemblance. The views of London, especially, commencing at the Parliament House, and continued down the Thames, under the arches of some of the handsomest bridges, are beautifully executed, as are the views up and down the Rhine, from Cologne to Mayence, embracing all the most picturesque scenery. The view of the Castle of Heidelberg will alone well repay one for visiting the Panorama, and, as a whole, it will give one a better idea of the scenery represented than volumes of description.—[Boston Transcript.

Bayne's Great Panorama of a Voyage to Europe is beginning to be a fashionable resort of our citizens. On Wednesday night we were present, and were gratified to behold an assemblage of many of our first families. The enthusiasm manifested by the audience, as the various views passed before them, was a most flattering testimonial of the talents excited upon this stupendous production. It is a work alone sufficient to pass the genius of the artist to most honorable mention by posterity. We always considered Mr. Bayne a painter of fine taste, but the present work proves him to be an artist of the most elevated quality.—[Atlas.

JUDGE JENKINS PRESIDING.

R. N. Austin et al vs Horace Lyford. Attachment. Judgment by default; damages assessed at $100—costs taxed at $27.66. Sam'l Bishop plaintiffs attorney.

Lyman Reed vs Edward H. Brodhead, Stephen F. Bates and Patrick Bennett. Action. Trespass jury trial. Cause progressing. Messrs. Watkins & Paine, plaintiffs attorneys. Finch & Brown defendants attorneys.

Attachment issued against Chas. F. Bode, Esq., to answer for contempt of Court, in not complying with order of Court, requiring return to writ, &c.

The Street Sprinklers.—We are informed that two competent men are ready to undertake the task of sprinkling East Water, Wisconsin, Spring and West Water streets, during the season, keeping two teams going, at the rate of $200 per month. They propose that the necessary funds shall be raised by subscription and placed in the hands of some proper officer who shall see that the work is well done, and pay for the same in weekly or monthly instalments. Daniel Wiltman, landlord of the Menomonee, is one of the parties proposing to take the job, and will do the work faithfully. Store-keepers and others interested will do well to give this matter their early attention and concert measures to secure that indispensable luxury—the street sprinkler.

Wool Carding.—Our old friends, W. Burke & Co., on the Water Power, with the coming of spring, renew their invitation to the public whom they have long faithfully served, to exchange with them wool or cash for Yarn, Cassimeres, Tweeds, Blankets, Shawls &c. Their carding is well done, with new cards, and their cloths and other fabrics are neatly woven. As to their Shawls, our comfort in many a cold day last winter gave us good evidence of their quality. Success to home manufactures!

Dodge Co. Iron.—The schr. *J. S. Wallace*, took on Saturday last for Chicago, 75 tons of pig iron, brought in by the Watertown R. R. from the Dodge Co. mines. The brig *F. C. Clark* was yesterday taking on 100 tons more of the same lot. The iron region from which these metallic porkers came will be better than the famous Fern River diggings, to those who are developing its resources. The iron is shipped by Bell & Sutton.

Galena and Chicago Union R. R.—The advertisement of this Company is brought forward to day, *showing a change of hours*. The attention of those who desire to economise time by making accurate connections in travelling that way, is called to the change.

Tub and Pail Factory.—Messrs. Dagget & Rice are on hand with a large stock of Milwaukee made, and well made tubs, pails, &c. Their advertisement tells a true story, and we are glad to know that their wares go off like hot cakes, as they ought to. Merchants will do well to call upon them.

Dry Goods at Auction.—A large stock of Dry Goods, will be sold at Auction this morning at Joel Hoods Chequered Auction Rooms, East Water Street. Jonathan will be on hand to deliver the goods.

☞ The Board of Trade of Milwaukee is composed of 360 of our best business men, and they will undoubtedly keep up their rooms and continue their usual business, without the propitious smile of the Jenny Lind organ.—[Wisconsin.

Provided always, of course, that they secure the patronage and are honored with the notice of the organ of "the Forty."

For Two Rivers.—The steamer *Superior* will leave Dousman's dock to-morrow, Thursday, morning at 8 o'clock for Two Rivers calling at the intervening ports. For passage apply to Griffin Agent.

☞ The steamer *Arctic*, Captain Nicholson, arrived from Chicago yesterday afternoon with nearly 200 passengers, and sixty-five tons of freight. The *Pacific* left last night for Chicago with a fair load of passengers.

Shipment of Barley.—The brig *F. C. Clark* has taken on 9000 bus barley, and clears for Chicago to-day.

Bound East.—We saw yesterday a number of country Merchants at the different hotels, on their route to New York and other Eastern Cities to purchase their spring stock of goods.

Marshal's Office.—The City Marshal has taken an office with the City Attorney in Juneau Block, directly above Justice Smith's Office.

The Public Schools.—The Public Schools of our city will open for the Spring Term on Monday next. The list of Teachers appointed will be found in this morning's paper.

American Muskets for Foreign Use.—There is great activity at present among some of our American gun manufacturers, induced in part by the war in Europe. The Windsor, (Vt.) Journal says that the Robbins & Lawrence Company of Windsor, have just contracted for the manufacture of muskets to the amount of some four or five hundred thousand dollars. The contract is made for a company in London, and the arm to be manufactured, is the Minie rifle, with some modifications. The fulfillment of the contract will require an additional force of some two or three hundred men. Two establishments in Massachusetts have also received similar orders, one of which is for 20,000 rifled Muskets.

The Lunatic Asylum Swindle.

It is very rarely indeed that a Swindle of the magnitude of the Lunatic Asylum Contract has been attempted in connection with a State Government. So long as the statements in regard to this contract were mere rumors, we said nothing about it, but now, after having read the evidence, the report of the majority and minority of the Investigating Committee, and various other documents on both sides, we feel that we should not be doing our readers justice, if we did not give them a history of the affair. * * *

Thus, at length this enormous swindle is finally blocked. Some $15,000 has already been paid out to the Commissioners, Superintendents, Contractors, etc; but this is a mere drop in the bucket. In his veto, the Governor, after commiserating at some length the sad condition of the 125 insane persons within the State, very incautiously leaked out the fact that the plan all along had been to get the swamp lands into the hands of "the forty" and to devote the amount paid for them to the building of the Asylum.

This Lunatic contract was a swindle of such magnitude and of such unblushing rascality, as any of our readers who have read the evidence know, that if the Legislature had done nothing else, it would deserve the thanks of the voters of the State for breaking it up.—[Platteville American.

Our Exchanges.—We are yet in the receipt of but few exchanges, and that must be our apology for any lack of news in our columns. That sterling daily, the Milwaukee *Sentinel*, comes to us regularly, and we consider it indispensable to publishers in the interior of our State. It is the best paper published in the West; its news by telegraph are published on the same morning as in New York, and its local matters, markets, &c. are strictly reliable.—[Watertown Times.

Murder.—*The Milwaukee Sentinel* of the 5th inst. says that "a rumor of the murder of a traveler at Watertown had reached them." There were several sudden deaths (politically) here last Tuesday night, which, probably, gave rise to the report.—[Watertown Times, (dem.)

Loss of the Steamer Shotwell.—We learn from Mr. Kratsinger, Express Messenger, that the splendid Mississippi steamer *R. L. Shotwell* sunk on Sunday night last near Smith's landing, about 120 miles below St. Louis. No lives lost.—[Chicago Press.

Grand River Harbor Open.—The Propeller *Ottawa*, Capt. J. Saunders, arrived from Grand Haven yesterday morning and reports *nine* feet on the bar, ice is nearly all gone.—[Chicago Press.

☞ The Plow has been put in motion by many of our farmers, and the "seed time" has come again. The season is unusually late, and as labor is scarce, with a good prospective market for everything that can be raised, there will be hurrying times among the farmers this spring.—[Watertown Times.

Sault Canal.—The Cleveland *Plaindealer* is informed that vessels will be passed through the Saut Canal some time in the month of May next

☞ Lake St. Clair is *free* from ice but the Flats are "tighter'n a brick" yet.—[Detroit Tribune April 9.

Lake Navigation.—Our weather still continues backward, and little hope is yet afforded of an early opening of navigation. The ice in the lake remains firm, and as great a body of it formed during the severe weather of February, that unless copious rains and favoring winds shall come to our aid soon, the opening will be delayed even beyond the latest period known for years.—*Buffalo Democracy.*

There is considerable movement in Canadian Wheat, with some transactions not made public. There was a sale of 5000 bus mixed, on private terms, but supposed something over 2.05, and to-day the cargo of the Circuit Chief, 5600 bus, handsome white, sold on arrival at 2.10 for milling for which there is an active demand.

Breadstuffs in Rochester.—A visit among the Mills and a chat with the millers, says the *Advertiser*, has disclosed facts not very promising for the Canal interests on the opening of navigation. Hitherto a few years ago it was customary, on the opening of the Canal, in the spring, to find from 20,000 to 40,000 bbls. of flour ready for shipment—thus giving a good start to the receipts, and making up somewhat for the five months idleness of the Canal. This is all changed now, and the prospect is that, on the opening of navigation, there will be less than 5,000 bbls—some go as far as to say there will not be a single boat load to be shipped by the Canal. The stock of flour now in the city—including that in the hands of city dealers—does not probably reach 5,000 bbls. What is made by the mills now, with inconsiderable exceptions, is at once sent East, to meet the demand of a rapidly exhausting market.

Of flour actually in the warehouse, and called, therefore, in store, there are not over 3,000 bbls, and this may be all withdrawn before navigation upon the Canal shall have been opened.

In relation to the above, the Rochester *Union* this comments as follows:—"In the main our cotemporary is correct. We think, however, that he is rather too low in some of his estimates. There will probably be more than 5,000 bbls of flour in store to go east at the opening of the Canal.—There is a good deal of Canada Wheat to arrive, and the mills will manufacture more the present month than they can send by rail—at least, we hear from millers. The amount, however, to be taken by the boats, will be unusually small.—Our contemporary is wrong in stating that of Genesee wheat there is not left over 4,000 bushels. One gentleman held over 20,000 bus. Genesee wheat in an elevator in this city yesterday morning. Aside from this, the quantity held is quite small. Three thousand bushels of wheat was sold for grinding at the extreme price of $2.57, the highest sum ever paid for wheat in this city."

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market-st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs, became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was relinquished by her husband and friends. At this crisis Mr. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent remedy for young females with obstructions [illegible] womanhood.

We Have Heard of it Every Where.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are acquainted with the good qualities of this Medicine as with "Household Words."

It does not therefore seem necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From its first introduction those individuals who have used it become living advertisements for it. Which should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

Guarantee Fund, $100,000, *Deposited with the Comptroller of the State of New York.*

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the system adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property,* he becomes bankrupt,) he supports his family; but at his *death,* dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

[illegible] the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, [illegible] is not increased.

Clergymen and others who have a stated and regular income, *should insure,* well knowing that, at their death their families may be left destitute.

Men engaged in [illegible] of manufacturing pursults ever varying and uncertain [illegible], *should insure.*

The farmer who has still a mortgage on his farm, *should insure,* at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

Snow Storm in Vermont.

Burlington, April 11.

Fourteen inches of snow fell here last night and this forenoon. The ice in the Lake has commenced breaking up, and crossing now is unsafe.

Harrisburgh, April 11.

The bill to abolish the license system passed the House to-day by a vote of 57 to 27, and will now go to the Governor.

New York, April 11.

The Election for Municipal Officers in the newly created city of *Hoboken,* yesterday, resulted in the success of the democrats who carried their Mayor and 4 of the 6 Councilmen.

A temperance jubilee was held at the Tabernacle last night in honor of the passage of the liquor law. The attendance was very large and much enthusiasm was manifested, resolutions were adopted recommending the organization of the friends of the bill to see its enforcement, &c.

Boston, April 11.

The Bark Spring Bird arrived here this morning with Cape Good Hope dates to February 25th. No political news of importance. An epidemic disease is raging among horses, hundreds died daily. In some localities not a horse was left alive.

Halifax, April 11.

The steamer America, now 12 days out, has not made her appearance yet.

Sailing of the Asia—Cuban affairs—Temperance Jubilee.

New York, April 11.

The Royal mail steamship *Asia* sailed shortly after noon to-day, with 159 passengers for Liverpool and 8 for Halifax. She takes out $690,000 in specie.

It is snowing and raining to-day and a disagreeable easterly wind prevails.

Washington, April 11.

The Union this morning announces still another Cuban outrage. The brig R. R. Hickman from Boston for Matanzas, when a few miles from Cuba, was fired at three times by a Spanish cruiser, the first ball was thrown a stern of the Brig, when she showed her colors. The second was fired ahead and the third with the supposed intention of hitting the vessel. After an examination of her papers, she was allowed to proceed.

Boston, April 10.

Our Senate has called back the liquor bill from the Secretary of State's office, where it had been sent for engrossment, it having been discovered that the chairman of the Committee on that subject had stricken out and interlined certain amendments to the original bill, of which the Senate was not cognizant. The bill will have to pass again.

The bill to loan the credit of the State to the amount of $1,000,000, to the Vermont and Massachusetts R. R. passed to its third reading.

The Committee appointed to investigate the charges against the Nunnery Committee held an adjourned meeting at the State House this morning. The Lady Superior of the Nunnery visited was in attendance, and confirmed the charges brought against the Visiting Committee.

☞ The Legislature terminated its session on Monday morning last. The labors of the session have been important, and in their bearing upon the executive departments of the State, remarkable; the great error of previous legislatures was fallen into, by this, in passing upon local and individual matters which have no business within the halls of the legislature. The second prohibitory liquor law was vetoed, of course, and the veto was sustained in the Senate by the same unreling minority which have attempted to swear 'Barstow and the balance' of the State plunderers through all their rascalities; the people now appeal from 'Barstow drunk,' but the crowning act was the veto through which an examination into the doings of the State officers and the school land transactions, was defeated. After the detection of so gross a fraud as that attempted in the Lunatic Asylum contract, the people demanded more than even an examination into the charges of corruption laid at the doors of the several State departments, and the obstacles thrown in the way of such an examination by the accused, cannot but confirm the people in their worst apprehensions. The end is not yet.—[Watertown Times, (dem.)

Brutal Assault and Robbery.

We learn that Mr. H. Smith, Post Master at the Ten Mile House, three miles south of Mequon, was assaulted in a most brutal manner, and robbed of $600 in specie, and a pair of horses, by his workmen, last Saturday evening.

It appears that Mr. Smith and his men, who have been chopping wood for him the past winter, could not agree as to wages, &c. The matter remained in unsettled state until these desperadoes, who numbered four, two Irish and two Negroes, entered the house of Mr. Smith and settled the matter as recorded above, and then made themselves scarce with the booty.

Mr. Smith is very badly injured, and there is some doubts entertained as to his recovery. We hope that some measures will be taken immediately to bring these lawless vagrants to justice.—[Ozaukee Advertiser.

THIS FORGE can be set where most convenient for light and room, and the smoke, conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heating the iron in the quickest manner—the wind escapes from the bottom chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and the safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way. It is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

RHODES' FEVER AND AGUE CURE,

OR,
NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident of traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have ANOTHER CHILL, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price, One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY, LONDON.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the system adopted by the Company, when they will be better able to decide whether Life insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must at a [illegible], enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his property, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

[illegible] payment will be light, and if insured with profits, the policy will be constantly growing more valuable, [illegible] is not increased.

Clergymen and others who have a stated and regular income, should insure, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits [illegible] in their incomes, should insure.

The farmer who has still mortgage on his farm, should insure, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

Fourteen inches of snow fell here last night and this forenoon. The ice in the Lake has commenced breaking up, and crossing now is unsafe.

Harrisburgh, April 11.

The bill to abolish the license system passed the House to-day by a vote of 57 to 27, and will now go to the Governor.

New York, April 11.

The Election for Municipal Officers in the newly created city of *Hoboken*, yesterday, resulted in the success of the democrats, who carried their Mayor and 4 of the 6 Councilmen.

A temperance jubilee was held at the Tabernacle last night in honor of the passage of the liquor law. The attendance was very large and much enthusiasm was manifested, resolutions were adopted recommending the organization of the friends of the bill to see its enforcement, &c.

Sailing of the Asia—Cuban affairs—Temperance Jubilee.
New York, April 11.

It is snowing and raining to-day and a disagreeable easterly wind prevails.

Washington, April 11.

The Union this morning announces still another Cuban outrage. The brig R. R. Hickman from Boston for Matanzas, when a few miles from Cuba, was fired at three times by a Spanish cruiser, the first ball was thrown a stern of the Brig, when she showed her colors. The second was fired ahead and the third with the supposed intention of hitting the vessel. After an examination of her papers, she was allowed to proceed.

Boston, April 10.

Our Senate has called back the liquor bill from the Secretary of State's office, where it had been sent for engrossment, it having been discovered that the chairman of the Committee son that subject had stricken out and interlined certain amendments to the original bill, of which the Senate was not cognizant. The bill will have to pass again.

The bill to loan the credit of the State to the amount of $1,000,000, to the Vermont and Massachusetts R. R. passed to its third reading.

The Committee appointed to investigate the charges against the Nunnery Committee held an adjourned meeting at the State House this morning. The Lady Superior of the Nunnery visited was in attendance, and confirmed the charges brought against the Visiting Committee.

☞ The Legislature terminated its session on Monday morning last. The labors of the session have been important, and in their bearing upon the executive departments of the State, remarkable; the great error of previous legislatures was allied into, by this, in passing upon local and individual matters which have no business within the halls of the legislature. The second prohibitory liquor law was vetoed, of course, and the veto was sustained in the Senate by the same unerring minority which have attempted to swear Barstow and the balance of the State plunderers through all their rascalities; the people now appeal from "Barstow drunk," but the crowning act was the veto through which an examination into the doings of the State officers, and the school land transactions, was defeated. After the detection of so gross a fraud as the attempted in the Lunatic Asylum contract, the people demanded more than even an examination into the charges of corruption laid at the doors of the several State departments, and the obstacles thrown in the way of such an examination by the accused, cannot but confirm the people in their worst apprehensions. The end is not yet.—[Watertown Times (dem.)

Brutal Assault and Robbery.

We learn that Mr. H. Smith, Post Master at the Ten Mile House, three miles south of Mequon, was assaulted in a most brutal manner, and robbed of $600 in specie and a pair of horses, by his workmen, last Saturday evening.

It appears that Mr. Smith and his men, who have been chopping wood for him the past winter, could not agree as to wages, &c. The matter remained in unsettled state until these desperadoes, who numbered four, two Irish and two Negroes, entered the house of Mr. Smith and settled the matter as recorded above, and then made themselves scarce with the booty.

Mr. Smith is very badly injured, and there is some doubts entertained as to his recovery. We hope that some measures will be taken immediately to bring these lawless vagrants to justice.—[Ozaukee Advertiser.

QUEEN'S PATENT
PORTABLE
FORGE
AND
BELLOWS!

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two slides by which the Forge can be entirely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from chemical and acids being conducted through the smoke-pipe, or when open they are entirely out of the way. It is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, for making repairs on the same, and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

RHODES' FEVER AND AGUE CURE,
OR,
NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have ANOTHER CHILL, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade.

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

HOLD ON!

Ye Lumbermen and Shingle Mongers,
WAIT TILL YOU HAVE SEEN
Stevens & Kidder's Patent
FOR RIVING & SHAVING SHINGLES.

THIS MACHINE has the preference over all other like Machines in the simplicity of its mechanism and the perfection of its work, as well as in the first cost of the Machine, and the economy of running it.

It rives with a blunt and movable knife, and shaves by passing the shingle between two knives, thereby shaving both sides at the same time, and on a true and equal taper. The Patent has been sold in several counties, and Machines are now in operation in Jefferson, Sauk and Portage counties.

This Machine manufactures from 10,000 to 20,000 shingles per day—requiring only a two-horse power, and costs $175.

Again we say, wait till you see this Machine. A Model of the Machine can be seen at W. P. FLANDERS' Office, Ludington's Block, East Water street, where one of the proprietors will be in attendance.

USE THE Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain five Hundred distinct impressions.

It is put up in beautifully enamelled colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

Price—$2 a Dozen, or Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

N. HUBBELL, 167 Broadway, N. Y.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by George Hews, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the Illustrious Pianist, L. M. Gottschalk, to Mr. Hews, Agent at New York:

New York, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scale.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and quality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

PATENT MEDICINES.

CHERRY PECTORAL,

for the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S C., Aug. 4, '53.

DR. J. C. AYER:—Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

Is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeny, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificates in its favor.

This we promise will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle;
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium.
Therefore the largest bottles are the cheapest.

HOLLOWAY'S OINTMENT.

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who know us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov. 9th, 1853. (Signed) R. DURANT.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immersed in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear opinion of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

HOLD ON!

Ye Lumbermen and Shingle Mongers.
WAIT TILL YOU HAVE SEEN
Stevens & Kidder's Patent
FOR RIVING & SHAVING SHINGLES.

THIS MACHINE has the preference over all other Shingle Machines for the simplicity of its mechanism and the perfection of its work, as well as in the first cost of the Machine, and the economy of running it.

It rives with a blunt and movable knife, and shaves by passing the shingle between two knives, thereby shaving both sides at the same time, and on a true and equal taper. The Patent has been sold in several counties, and machines are now in operation in Jefferson, Sauk and Portage counties.

This Machine manufactures from 10,000 to 20,000 shingles per day—requires only a two-horse power, and costs $175.

Again we say, wait till you see this Machine. A Model of the Machine can be seen at W. P. FLANDERS' Office, Ludington's Block, East Water street, where one of the subscribers will be in attendance.

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORtable Inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark linen or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain five Hundred distinct impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

Price—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,
N. HUBBELL, 167 Broadway, N. Y.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:

New York, Dec. 9, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales. [illegible]

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

PATENT MEDICINES.

AYER'S

CHERRY PECTORAL,

or the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues, throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S C, Aug. 4, '53.

DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my conviction when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.
It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the Limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, swinney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificates in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle;
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium.
Therefore the largest bottles are the cheapest

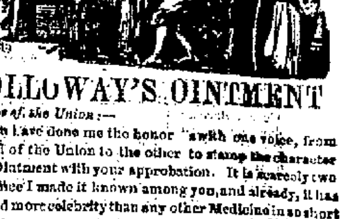
PATENT MEDICINES.

A CURE FOR ALL!!



HOLLOWAY'S OINTMENT

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,
28, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who know us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov. 9th, 1853. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs
Bad Breasts
Burns

Gout
Glandular swellings

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhœa, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public, and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear opinion of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.
